

Living a Better Story Training Cohort Growing Young Assessment Instructions

Please have your team complete the Growing Young TEAM assessment before summit #2, using the following instructions. You can find more information about this assessment by visiting:
<https://fulleryouthinstitute.org/growingyoung/assessment>.

You can also find helpful information for using the assessment (including a set up video, a guide on how to share results with your congregation, and more) at this toolkit page:
<https://fulleryouthinstitute.org/assessment/church/toolkit>

Complete the Growing Young Assessment TEAM version

Here are instructions to assist you (as the point leader) in setting up your assessment:

- Visit fulleryouthinstitute.org/assessment, scroll halfway down the page till you see “Team Assessment” and click the “Buy Now” button. Please note this should be done by the POINT LEADER (meaning other team members do NOT need to purchase the assessment).
- Select the number of people on your leadership team. Who you involve now is up to you. This might only include team members who are joining for the summit (your core team), or could include other staff or volunteers whose voices you would like to include (your advisory team). We generally recommend sending the assessment to 3 – 15 team members.
- After proceeding to your shopping cart, use the coupon code **LABSTEAM2020** and click “Apply Coupon.” The total cost at the bottom of the page should show “0.00.” Please do not share this coupon code beyond your own use.
- Proceed to check out. Please note you will need to enter billing and payment information, but you will not be charged.
- Set up the assessment, invite appropriate team members to participate (completing the assessment takes approximately 5-10 minutes), and complete the assessment yourself. After all team members have taken the assessment, you will need to close the assessment to generate a PDF report.
- Once you close the assessment and receive your PDF report, save it in a place that will be accessible at the upcoming summit. Throughout the gathering your team will refer to and discuss the report.
