# Tips to Maximize Your Growing Young Assessment Coaching Call

Powered by the Fuller Youth Institute

The goal of this coaching call is to help you interpret the results of your Growing Young Assessment, as well as to help you strategically set your next steps.

Please work through the following items *prior* to the call.

---

- 1** Carefully consider who from your church should participate in the coaching call. We typically recommend involving a variety of stakeholders, including at least one or two young people, senior leaders, and other staff, parents, or volunteer leaders.
- 2** Be sure each person on the call has completed a thorough review of your assessment report.
- 3** Answer each of the questions in the “Determining Your Next Steps” section near the end of your assessment report. Discuss these answers with your team prior to the call.

4 Identify your goal for this coaching call. What are you hoping to get out of it? For example, greater insight into your findings, how to share the data with others who may not like the results, or how to determine your next steps.

5 Make a list of questions for your coach. This might include areas where the report is confusing, places you're stuck, or what you're considering in terms of next steps. Write your questions in the space below.

6 Pray for the young people and families in your church, as well as for wisdom and insight regarding next steps.
